Saved from icy death

Peter Windover

His feet black from freezing and his arms numb from the elbows down, a Minden man was rescued from freezing to death last Friday by his fishing companion.

Peter Windover, 25, a real estate salesman, was rescued from a fishing camp on Big Trout Lake, 20 miles from Minden, by an Ontario Provincial Police helicopter and flown to the Minden Detachment Office where the Minden Ambulance was waiting to take him to the Minden Red Cross Hospital. Dr. Murphy of Minden examined Windover and he was then sent on to the Ross Memorial Hospital in Lindsay by ambulance.

Mrs. Beth Windover and Mrs. Dale Austin, both of Minden, called into the Minden Detachment of the Ontario Provincial Police last Thursday, January 22, at about 10:45 p.m. when they reported that their husbands, Peter Windover and Bob Austin, had gone ice fishing in the area of Big Trout Conservation Club. They had left about 9:00 a.m. Thursday and were to have returned by about 6:00 p.m.

The Minden O.P.P. Detachment contacted the wives at 8:00 a.m. on Friday morning at which time the two ice fishermen were still overdue. Ontario Provincial Police Constables Bob Pearson and Jim Solway were dispatched on the O.P.P. snowmobiles in an attempt to locate the missing husbands. Before reaching the Conservation Club the officers met Bob Austin on his way out on a snowmobile. This was at about 10:30 a.m. on Friday.

O.P.P. Constable Jim Solway returned to the O.P.P. vehicle and called the Minden office requesting the use of one of the O.P.P. helicopters.

O.P.P. Constable Bob Pearson returned to the Conservation Club with Mr. Austin. When they arrived, Windover was found in the hunting lodge wrapped in blankets and sleeping bags. There was apparently heat on at the camp.

Ontario Provincial Police Constable Bob Wood joined the helicopter at the Minden Detachment and flew into the camp with two pilots, one Constable L.H. Gunson of the O.P.P. and the other a civilian. The helicopter had been diverted from the Barrie District.

Mr. Austin came out from the hunt camp on snowmobile and returned home, the cold minus 40 degree weather apparently not having affected him.

Bob Austin, 36, a fellow Minden real estate salesman, recalled how he and Windover started out about noon on Thursday for a day's fishing.

"We did a bit of fishing, but it was too cold to fish. So we started over to Longford Reserve to see some of Peters friends. About three miles from camp we bogged won, first one snowmobile machine, then the other when I tried to help him."

Austin said there was six inches of snow on top of a foot of water on top of a foot-and-a-half of ice and the snowmobiles became clogged with the frozen slush.

"We tried for three hours to get the machines going. We'd get them on top of the snow, roll

Eakins makes request

Initiate Browndale investigation

John Eakins, Liberal MPP for Victoria-Haliburton, today called upon the Minister of Health to initiate a thorough and immediate investigation into Browndale (Ontario) dispute with the Haliburton and Peterborough Regional Offices.

"Any controversy about an organization such as Browndale, which treats emotionally disturbed children, is a matter of public concern," said Mr. Eakins. "Many questions have been raised

about the relationship between the regional offices and Browndale's central office, the general financial practices of the organization and its associated companies. This matter is far too important to be dismissed by the provincial government as a so-called internal squabble. Undoubtedly, the efforts of Stephen Lewis, a former paid director of Browndale, to block certification of the Haliburton employees as a local of C.U.P.E. also de-

serves an explanation."

"Reports by Ministry officials have praised the Haliburton Browndale operation, suggesting that in some respects it should serve as a model for other Browndale regional establishments. Unfortunately, the Ministry has refused to release these reports and other essential materials, and I have called upon the Minister to permit access to this important information."

"For some inexplicable reason the Ministry has displayed a tendency to protect the secrecy of the Browndale organization. The people of Ontario pay Browndale some \$7.3 million annually for the care and

treatment of emotionally disturbed children and we have a right to know that this money is being used to the best advantage for the needs of the children concerned."

"A cloud of suspicion has surrounded the operations of Browndale far too long, and this matter must be straightened out without delay. I have urged the Minister of Health to investigate the Browndale situation without delay, and make public the results of his inquiry. In the meantime, I have called upon him to insist that no children be moved away from the Haliburton - Peterborough Browndale establishments pending the outcome of the investigation."

Metro kids H.H.S.S.

During the Metro Toronto secondary school teachers' strike, 16 Metro students attended the Haliburton Highlands Secondary School. At the beginning of the strike the Haliburton County Board of Education did not close its doors to young people from the Toronto area whose parents owned property in the County. It would seem that the Toronto young people enjoyed their time spent here and added something to the school during their stay.

Going to school outside Toronto during the Metro teachers' strike was a broad-

ening experience for city students who said it made them realize how isolated Toronto really is.

Living in a big city, you tend to forget about the rest of the world, so it helps to get out and see what other students are doing and what their schools are like, Brad Fowles, 17, said.

"It sure cleared up my ignorance about the country. The education system is really good up there. I just didn't know much about it before," said John Puffer, 18, a Grade 13 student who went to school in Haliburton during the strike.

"Down here it's all rush, rush, rush; but there, school was more open - more relaxed," Fowles said.

Brad, a Grade 12 student at Thistletown Collegiate in Etobicoke, was one of more than 100 high school students who went to another school during the two-month Metro teachers' strike that ended Monday, January 19.

He sees the experience of going to a high school near Wasaga Beach as a "great thing", especially since he made new friends. "It was a small school, so it was really easy to make new friends."

John Puffer, a student at Lawrence Park Collegiate, spent six weeks in a farmhouse in Haliburton so he could meet the residency.

"It was a more relaxed school, but strict. I liked the community feeling and the way everyone welcomes you," he said.

He said the hours at Haliburton Highlands Secondary School were longer because the students had to be bussed in. "It was a lot more work too, I wasn't used to it, but I enjoyed it."

The principal of Haliburton Highlands, John Rouble, said the 16 Metro students, fit in very well during the strike. He was proud of the old-fashioned approach that the school took, with more emphasis on the basic courses, strict attendance and a dress code.

Howarth named Warden

Gerry Howarth

Veteran County Councillor and Reeve of the Improvement District of Bicroft was the unanimous choice of Haliburton County Council Tuesday, January 20th, as its Warden for 1976.

The occasion was councils inaugural meeting attended by county dignitaries and other visitors.

The new warden who is very active in community affairs resides at R.R. 3, Bancroft and is the owner of the Bancroft IGA store.

At this inaugural session invocation was given by the Rev. Douglas Brown of St. Paul's Anglican Church, Minden and robing of the new warden was done by the past warden Reg Booth.

Minden carnival a reason to travel

Nobody goes anyplace without a reason and snow-erama's and winter carnivals such as Haliburton's **Toquepic** or Minden's **Happy Hilander** just don't happen by themselves. They all take community minded men and women, dedicating the best of their qualities both mentally and physically towards a common goal. Their job is not finished until the attractions are such that the Haliburton Hi'lnds is the number one spot for family fun and entertainment. The proof of the pudding is in the tasting, and once again the Minden Kinsmen Winter Carnival is set and ready. It only needs you to make it go! This area is fortunate, people do appreciate the work that goes into these events, and they do come out and support them. Of course, they have a heck of a lot of fun in the process!

Start your carnival week-

end off with a free program at the Carnival Information Booth in Vasey's Real Estate Office on Minden's Main Street either Friday or Saturday. Remember Friday night is the Sox Hop, Carnival Queen Contest, Curling, Hockey and Beer Garden.

On Saturday, follow the parade to the Recreation Center and you are set for the rest of the day being part of a carnival program that is being presented for your pleasure alone, if it's to do with winter sports, you'll find it there. Sunday is a continuation because there is just too much to get through in one day.

The Minden Kinsmen Winter Carnival, Friday, January 30th, Saturday, January 31st, and Sunday, February 1st. Please don't disappoint us as we have no intentions of disappointing you!

County settles with its workers

On Thursday, January 22nd, a negotiating Committee from County Council consisting of Chairman Murray Fearrey and members Reg Booth, Sinc Nesbitt and Doug Russell sat down for six hours to iron out an agreement with local 1960 of the Provisional County of Haliburton Road Employees.

Following these long hours of deliberations we understand that a tentative agreement has been reached and the employees have gained a 10 per cent across the board increase for the year 1976.

The meeting was held in the County Council Chambers in Minden.

Another win**Huskies down Bancroft**

Tom Curry has sparked this team since his return and Wednesday night was no exception!

Tom notched four markers and Dave Hartwick came through with a good performance on two goals. Singles went to Larry Robinson, Roger Bain, Barry Shaw and Ernie Bain. Haliburton are working hard to obtain possession of second place before the play-offs begin!

Huskies 7 - Bancroft 5
Saturday, Jan. 24/76

This club seems to generate a different player pretty well every game and Saturday night it was team captain Roger Bain who notched the hat trick. Tim Curry in his race for the scoring championship hit the net for two and his brother Tom got a single as did Bev Hicks. Haliburton once again led the penalty parade receiving fifteen infractions to Bancroft's twelve. This win would put the club into second place by one point if Lakefield lost their week end

Atom Tournament

This week-end Haliburton will be holding their Second Annual Kashagawigamog Atom Hockey Tournament. This tournament was started last year by the co-operation of the Kashagawigamog Tourist Association and Haliburton Minor Hockey Association. Due to its incredible success it is presently planned to hold a Pee Wee tournament of the same magnitude during the Winter Carnival in February.

The three day tournament will see 16 teams in action including of course Minden and Haliburton. Teams will also be represented from Huntsville, Thorold, Oakville, Oshawa, Georgetown, Willowdale, Keswick, Oak Ridges, Bracebridge, Stouffville and Bancroft plus a several from the Toronto Area.

Snow warning for cottagers

The Ministry of Natural Resources reported today that heavy snowfalls in the past week may pose a threat to some cottage roofs in the Algonquin Region. The latter is comprised of the forest districts of Parry Sound, Pembroke, Bracebridge, Minden, Bancroft and Algonquin Park.

Another factor prompting the Ministry advisory are mild temperatures which reached 32 degrees F. or 0 Celcius at dawn this morning further compacting existing snow-loads on cottage roofs. Cottagers are advised to either clear cottage roofs themselves this week-end, or to hire a local resident to clear it for them.

Minor hockey round-up

ATOM HOUSE LEAGUE

One of the Atom House League clubs whom are coached by Kirk Potter and George Hicks, deserve honourable mention in their recent play of late.

These boys are improving every time out, recently they knocked off Minden by the score of 5-4 and then journeyed over to Bancroft where they once again came out winners by the score of 5-2. Keep up the good work fellows!

HOUSE LEAGUE Monday, January 19, 1976

PEE WEE

Paced by a three goal effort by Robbie Abbs, Haliburton. Pee Wees bested Wilberforce by the score of 7-4. Singles went to Colin Hore, Jim Hogg, Jamie McKay and Kevin Hayner. The win was Haliburton's sixth, in their last seven games, and they are now battling for top spot in their division.

BANTAM HOUSE LEAGUE

Fenelon Falls held a tournament for all teams within the house league competition and Haliburton came home victorious winning the trophy and everything else that goes with it! Competing in this tournament were teams from Woodville, Peterboro, Minden, Fenelon Falls, Canington, Little Britain, Opps (Lindsay) and Haliburton.

This being a special event, the Fenelon Falls winter carnival. Prince and Princess officially dropping the puck to start the days games off.

HALIBURTON PLAYING THE FIRST GAME SURPRISINGLY KNOCKED OFF THEIR OPPONENTS FROM Peterboro by the score of 3-0 with goaltender Keith Smith playing to what turned out to be the only shut out of the day, and tournament goals were scored by Chris Roberts with two and the single going to Mike Rae.

Haliburton then took on Minden and Mike Rae notched the hat trick as they crushed their opponents 7-3. Len Hodgson got a pair with singles going to Chris Roberts and Phil Mackie.

Meeting Woodville in the final was a hard fought contest and the spark plug Chris Roberts once again came through with two goals and along with Len Hodgson's single, they walked away the winners with a 3-1 tally.

A beautiful trophy was then presented to Capt. Stuart Hogg and he along with coaches Paul Espie and Bill Harten and all other team members namely Brad Luck, Philip Smith, Brian Lloyd, Ken Espie, Dave Dodd, Scott Hoar, Lee Welch, Stuart Hogg, Steve Brooks and Scott Welch who all so justly contributed to this victory returned home champions!

BANTAM PLAYOFFS

Haliburton 8 - Bobcaygeon 6

Friday night past, the local All Star Bantams began their best of three playoffs at the local arena. The boys seemed to be dragging, as most observers realized, they most certainly were not playing up to their potential. Winning hockey games during regular season play is one thing, but when the playoffs begin everyone always puts out more, so no one can afford to let up.

Tim Davies was the big gun (deflecting shots as he has been doing so well all year) for four goals while Chris Hodgson and Bernie Nicholls added two each. Bobcaygeon goalgetters were Chris Robertson with three, Greg Tully, Barry Thompson and Jeff Unger with singles.

Coach George Nichol and Asst. Coach Craig Stamp were working these guys out on Monday night preparing them for the remaining games in the play offs. With Craigs' professional ability and desire to help these youngsters, we are sure to see improvement in all aspects of their game.

Being in attendance at a lot of our minor hockey practice sessions it was a treat to watch these boys being shown the basic fundamentals of the game. Knowing these two coaches who are guiding this team, these boys should take advantage because good coaching makes a good club!

MIDGET PLAYOFFS

Two Games Up

Haliburton 6 - Bobcaygeon 1

The local Midgets got off to a good start in their playoff encounter with Bobcaygeon playing at home to a 6-1

2nd GAME Haliburton 4 - Bobcaygeon 3

This game played in Bobcaygeon turned out to be not so easy a task as expected. Haliburton scored the first goal, notched by Kirk Potter, but Bobcaygeon came right back and tied it up. Then Joe Roberts turned on the burners and scored for Haliburton unassisted to make it 2-1.

When the third and final period started Bobcaygeon came out roaring getting two quick goals and going ahead 3-2. With time running out and only a minute remaining in the game Joe Roberts set up by Mark McDuff tied up the game. This goal sparked the boys and on a play from Mark McDuff and Joe Roberts to Mike Scheffee for the goal, the boys pulled out a squeaker to win 4-3 and came home two games up. Next game Tuesday at home.

CRAIG WOOD

BERNIE NICHOLLS

The strong play of such individuals as goalie Craig Wood and Bernie Nicholls and the rest of the entire team brought honour to Haliburton when they dumped their final opponents Huntsville by the score of 4-2 to capture the Clayton Hodgson Memorial trophy in a Bantam Tournament played at Haliburton recently.

RE: Unemployment Insurance Inflation Strikes Again

Your Government, Mr. Minister, has decided to shift a larger share of the deficit in the Unemployment Insurance Programme from January 1, 1976 on the backs of Employers across the country, raising these contributions from 1.96 per hundred to 2.31 per hundred to a maximum of \$4.62.

For the first ten months of 1975, net payments under the Unemployment Insurance Programme amounted to \$2.66 Billion, an increase of 46 percent from the \$1.82 Billion paid out in the corresponding period in 1974. Either the fund is being mismanaged, or the management of the fund is grossly negligent. How long will tax payers stand idly by in face of such a rampart inflationary programme?

Under the present system why should those who desire not to work do so for more than 8 weeks a year - that is sufficient to give them 50 weeks of paid leisure, we do not agree, Mr. Minister, and this is a monstrous perversion of the original aim of unemployment insurance. Read the daily newspapers to see the long lists of employment opportunities that go begging.

We, the Independent Retailers, are caught coming and going by such a short-sighted attitude of your Government. Whenever you run short of money, the answer **up the ante**.

We have some suggestions for true changes in the Unemployment Insurance Programme, now operated by your Government.

First:

Practice what you preach - non-productivity is a major cause of inflation. Make the unemployed recipients work to receive the benefits - such as taking census, cleaning away snowfall, working in public buildings, etc.

Second

Recipients of unemployment insurance should be permitted to take short-term jobs, without having to wait a further two week period for benefits to be reinstituted, because while the recipient works, he is productive and does not drain the fund.

Third

There should be an increase in the qualification period from the present eight week minimum to a minimum of twelve weeks. The additional time working is all productive to the national economy.

Fourth

A complete restructuring of the payment formula should be invoked. It should be, in fact, a one for one system. This would mean that you could draw one week of unemployment insurance for every week that you have paid into the fund. This would eliminate the person who is employed for an eight week period qualifying for a full 51 weeks of insurance payments. The person who works for twelve weeks would qualify for only an equivalent of twelve weeks of payments.

Fifth

Thrift should be encourage by permitting unemployment insurance to be accumulated as a pension for retirement by those who do not draw on it, or draw less than their maximum allowance.

Sixth

Pregnancy payments are a drain on the fund and should be discontinued.

Seventh

We suspect that the fund is largely overstaffed, and the Government should cut the deadwood from its own staff.

Finally

We believe that Canadians who are genuinely unemployed should have adequate income to permit them to find new employment in a dignified manner. Those who are voluntarily unemployed should be pushed off the backs of premium-payers and tax payers across Canada.

Ambulance service

John Eakins, M.P.P.

Bill Scott, M.P.

The Editor, Haliburton County Echo,

The Editor, Minden Progress.

There is a rumor going around that Minden might be losing its ambulance service! Also that the Dysart Ambulance depot will be enlarged and/or an ambulance depot established in Stanhope Township, presumably to replace Minden's service. They say that no news is good news, but if we wake up one morning jolted into the fact that the rumors were true -- that's bad news, and it is usually too late to do anything about it.

Back in 1959, the Kinsmen Club of Minden donated the Municipality of Anson, Hindon and Minden, and the area, their first official ambulance. It was thought at the time to be the Community's greatest need. Further to that, in about 1969, the Emergency Health Service took over all ambulance services and administration. So far, so good, and to this day, no one has publicly mentioned that the performance of this Minden service is unsatisfactory, or that the need is now not justified.

Let's look at what we've got. The present system services the Hyland Crest Senior Citizens Home, the Minden Red Cross Hospital, areas south to Kimmount and Norland, north to Halls Lake and beyond if necessary. The ambulance is housed in the Municipal Garage, along with our Fire Truck. We have two permanent drivers, and eight part time drivers. Because of this permanent set-up, this area is guaranteed 24 hour, 7 days a week, radio dispatched fire protection and ambulance service. Our permanent ambulance drivers and eight part time personnel are also on the Fire Department. We get a lot of extras for the ambulance total budget of approx. \$24,000.00. Maybe someone thinks that it costs too much! If you were to enlarge, equip and staff the present Haliburton Service to handle this, how much would it cost? How much would it cost to build, equip and staff a similar depot in Stanhope? How effective would either of those possibilities be in maintaining the high standard

of service presently provided? I wonder how far \$24,000.00 would go? To jeopardize a packaged protection and ambulance service such as Minden and area enjoys now, just because someone from somewhere has put political thinking before people's needs is nothing short of criminal!

Something else that isn't clear to me, is why we advertised for two permanent ambulance drivers, when the positions to be filled are for the positions currently held by the two permanent ambulance drivers in Minden. What are we doing with the applications being received from our local men who are applying -- chucking them in the waste paper basket? This must make sense to somebody!

So, Mr. Eakins, Mr. Bill Scott, or our Municipal Officials, if it has been a governmental decree that Minden Ambulance Service is to be cut out, how about cluing us in, because believe it or not -- it does effect the people!

Better still, tell me that I'm just running off at the mouth because nobody is going to lay a finger on our ambulance service as we now know it. Better still -- put that in writing in the paper!

Yours truly,

Lewis Stevens,

President,

Kinsmen Club of Minden.

Saved from icy death

them on their side and clean them off. We shoved to get them on top of the snow, but they just kept building up.

"We finally started walking for the camp, about 2½ miles. About half-way across the lake Pete played out. His feet were frozen. He couldn't control them.

The ice was freezing on his boots. His boots were about two feet wide with ice.

"I left him in the middle of the lake about 10 p.m. I had to leave him to get sleeping bags."

"When I got back with the extra clothes and the sleeping bags, his legs were numb from the knees down and his arms frozen from the elbows down. He couldn't walk, stand or crawl."

"His body heat, when I found him, had melted the snow. He was sort of laying in the water. No doubt about it. I rolled him on the snow and got a sleeping bag under him so his body heat wouldn't melt it. Then I got in to the sleeping bag and wrapped his feet with the coat."

"Pete pleaded with me to stay with him. I rubbed him and laid close to him to keep him warm. But it was just cooling me off."

Austin then walked to the end of the lake, about a half a mile, and returned with a hammer.

About 3 a.m. he hammered away at the ice on the snowmobile and finally got the big one started.

"I got to within 100 feet of him and I hauled him to the machine. And we made it back to camp. I spent the rest of the night trying to thaw him out. In the morning, I started for help and they found me."

"I'm fine, all that walking kept me warm."

Later Austin said Windover's feet were still black, but he had improved although he was in a lot of pain and Austin stated "Hopefully he's going to be all right".

Welfare abused

We have been hearing a lot lately about Welfare and how it is being abused. All Municipalities in Haliburton County are screaming about the fact that welfare costs seems to be climbing higher and higher.

It seems to us that the people who are drawing this welfare in most cases should be made to go out and work for this money.

In all municipalities we imagine that there is a lot of work that needs to be done such as shovelling snow or many other jobs. In the villages and towns the sidewalks could be shovelled off and maintenance on municipal buildings could also be handled by these welfare recipients. We believe that if some of these people had to go out and work for their cheque that we would have less people collecting welfare.

The manner in which welfare and Unemployment Insurance is being handed out makes us realize that slow but surely we are being turned into a welfare state.

For many people in Haliburton County work is just not available which is a crying shame but for others collecting welfare and Unemployment Insurance is just an easy way out.

Atom Tourney

The second annual Lake Kashagawigamog Atom Hockey Tournament is all set and ready to go this weekend, Friday, Saturday and Sunday, January 30th, 31st and February 1st at the Haliburton Arena.

The tournament is on again and we hope that the local citizens will rally to the call and support what we think is one of the largest winter attractions of them all.

This three day tournament, the largest in Haliburton County is bringing a lot of people into the area and all local resorts and motels are filled to capacity. Thanks to the Lake Kashagawigamog Tourist Association this tournament means a big boost to the local economy.

Last year everyone seemed to be excited about the tourney with the exception of the citizens of Haliburton and area who took the attitude of we couldn't care less. Local fan participation at the various games played was practically nil.

This weekend we are calling on all citizens to get out to as many games as possible and we are looking forward to a capacity crowd when the final game is played on Sunday afternoon.

Twenty-two games in all with sixteen teams participating will make for a hockey packed weekend. Make it a date now to get out to the Haliburton Arena and be part of the action.

Random thoughts

By BILL SMILEY

SOME random observations this week on a variety of topics, none of them world-shaking. If you are short of either time or patience, turn to the classified ads for some real entertainment.

For about 10 days over the holidays I had my grandson. Or rather, he had me. At his beck and call. For about 12 hours a day. He's at that very interesting stage where he's learning to talk, fast. You know, putting phrases together, repeating everything he hears, understanding most of what you say, but not yet quite ready to carry on a conversation.

Two phrases, however, he has down pat. The first is: "Come on!" delivered in a peremptory tone and accompanied by a firm grasp of a chubby fist on my index finger. This comes immediately after I have settled down with my paper and a beer and lighted a cigarette. It means he wants assistance in building a pyramid or getting his glass of "dooce" (anything from milk to orange juice) or letting the "ky-cat" in for another session of torture.

What it really means, of course, is that he has a

distinct aversion to Grandad retiring from the action.

The second phrase, delivered in a piteous tone, is "Help me" accompanied by a forlorn look and a tug at any portion of my anatomy available. This means he wants me to plug in the tree lights, or hold him up so he can watch the record twirling on the turntable or reach something he can't and wants to break.

WHY DON'T the Conservatives make their leadership race just that? Put the entire 18 or 36 or whatever of them on a track at the summer Olympics, send them off, and the last man to fall flat on his face becomes their leader. It would make just as much sense as choosing them by ballot, which is also a process of finding the guy or gal with the best wind.

Personally, I'd like to see Flora MacDonald have a shot at it. The result might be worse than the massacre of Glencoe, but if 50 per cent of the voters are women, it would give them a chance to stand up and be counted. And I think it would terrify Pierre T.

One guy I would hate to

see win the leadership would be Paul Hellyer. If he won it, the Tories could kiss their hopes goodbye for another decade. Here's his record. Liberal cabinet minister; ran for Liberal leadership, lost, sulked, resigned as minister; formed his own rightist Action Canada party, a total flop; joined Conservative party; undistinguished Tory MP; lost his seat in 1974. If

the Tories chose him as leader, it would illustrate nothing more than their unquenchable belief in the infallible powers of snake oil as a remedy.

Still on politics, I was sorry to see Dave Barrett lose in B.C. He has one of those qualities so carefully hidden by most politicians — a sense of humor. Maybe he went too far too fast, but he

added a lot of zest to the national political scene.

And speaking of the Olympics, I learn without horror and, sadly, without surprise, that the Quebec government has diverted some 400 million dollars from the James Bay project to bail out the 1976 Olympics. How does that grab you? And that's only a drop in the big bucket with the bigger hole in the bottom.

HALIBURTON COUNTY SNOWMOBILE ASSOCIATION

Brief to The Ontario Trails Council

Open Meeting, Parry Sound, 27 January, 1976

INTRODUCTION

The Haliburton County Snowmobile Association (HCSA) is a non-profit, co-operative organization of snowmobilers, business operators in the accommodations and service industries, and other individuals and groups concerned with the recreation of snowmobiling and its impact on the winter economy of a region.

The HCSA enjoys the support normally of the Haliburton Highlands Chamber of Commerce and the councils of the Provisional County of Haliburton and municipalities therein.

As a county-wide Association we have been actively engaged for some five years in the development of several hundred miles of snowmobile trails. Our objective is to provide within our county a trails system of the highest class which will be easily accessible from surrounding snowmobiling regions. Our priority project in the current season is the development and grooming of a 100-mile through route which provides a connecting link between Ministry of Natural Resources trails in Peterborough County to the South and other Ministry trails in counties to the East.

Our future plans include the development of additional through routes to link our system with communities to the West such as Gravenhurst and Bracebridge, and to the North such as Huntsville and Port Sydney.

Because our Association has been compelled to rely upon volunteer labour for a major portion of our every effort, progress has been painstakingly slow. Last year for the first time, and under the Ministry of Natural Resources assistance program, we were able to employ workmen for trail maintenance and grooming.

We were indeed gratified when the interim measure to assist snowmobile clubs was introduced. Our jubilation is, however, tempered by the drastic reduction in the allotment of funds for the current extension of the program. Our

workmen have been on the trails since December, paid out of monies derived from our members because the promised relatively small grant from the Ministry has not come to hand.

We agree in general, and we support in principle, the premise that a fully comprehensive trails policy should encompass all popular trail recreations. Wherever possible, our trails system makes use of abandoned railways, unused roads and open concessions which are being used in the off season by equestrians, motorcyclists, hikers, canoeists, nature study groups and hunters. Our trails are also open to cross country skiers. We ask only that skiers respect the fact that the trails are developed by and for the snowmobiler and that right of way must be yielded to the snow vehicle. We have not seen a ski trail open to snowmobilers.

The recommendations which follow are respectfully submitted in the hope that they may expedite the formulation of a trails program acceptable to the snowmobiling fraternity.

Recommendations

1. In consideration of the report of the Ontario Select Committee on Motorized Snow Vehicles and All Terrain Vehicles, which recommended that the Ontario government become actively involved in the provision of a comprehensive snowmobile trails system to be financed by revenues from the snowmobile, and in consideration of the substantial sums generated by those revenues in the several years since the recommendation was made, we suggest that the interim measure and its extension have failed miserably to meet the expectations of the snowmobiler, or his needs.

2. We believe the snowmobilers of Ontario are weary of footing the bill for interminable studies, and we detect an undercurrent of discontent with continuing delays in the implementation of a viable snowmobile trails policy while other trail users' needs are examined. We believe the interests of most recreational trail users can be well served within a snowmobile trails program, as they have been served within the Haliburton County trails program, by the development of trails for multiple use. We therefore recommend that the Ontario Trails Council be wary of

status-seeking trail interests whose contributions in direct tax revenue are miniscule in comparison with the vast sums generated by the snowmobile industry.

3. We believe it is grossly unfair to members of snowmobile clubs to expect the clubs to continue indefinitely the provision of trails for public use. We therefore recommend that a trails program be initiated immediately which will place the burden of funding equitably on all trail users.

4. We recommend full funding for all multi-purpose trails within a snowmobile club's trail system, such funding to be from snowmobile revenue augmented by such revenue as may be obtainable from other trail interests.

5. We recommend full funding from snowmobile revenue for all trails not adaptable to other uses, where such trails are open to the snowmobiling public and, in particular, where such trails provide a continuous route between two or more snowmobiling centres.

6. In certain areas of the Province snowmobile clubs must rely upon the generosity of farmers and other land-owners in order to establish snowmobile trails for club members. Frequently it is necessary for these clubs to enter into agreements with landowners which designate such trails as private. Since all snowmobiles are taxed equally, we believe it would be unfair to exclude such "private" clubs from a trails program. We therefore recommend that snowmobile trails maintained for the exclusive use of club members be funded on a cost sharing basis.

7. Finally, in consideration of the fact that cross country skiers consider themselves incompatible with snowmobiles, a feeling which is not shared by the snowmobiler, incidentally, we propose that cross country ski trails be provided in the vast expanses of Algonquin Park and those other Provincial Parks now closed to snowmobiles. But please don't hand us the bill.

Respectfully submitted, this twenty-seventh day of January 1976.

Stanhope council meeting

Members present included Reeve S.G. Nesbitt, Deputy-Reeve James Harrison and councillors John Tomlinson, Harry Davis and B.Napier Simpson. Also in attendance were Mr. Elvin Johnson; Dr. D. Randall, Ministry of Health; Mrs. Judy Philips, Mr. Alex Stevenson, Mr. John Barclay, Mr. Cecil Irwin and Mrs. Marilyn Stouffer, Representative on County Library Board.

Moved by Jim Harrison, seconded by Harry Davis. Be it resolved the minutes of the regular meeting held December 10, 1975 and also the minutes of the special meeting held December 17, 1975, be adopted as circulated. CARRIED.

The Reeve at this time, expressed appreciation to individual council members for the co-operation received during 1975 and indicated this co-operation and dedicated work by the members reflected a very successful and rewarding year for Stanhope Township. The Reeve also expressed concern with regard to provincial and federal government anti-inflation programs for 1976 and requested that council as a whole should co-operate with all levels of government and contribute to the struggle against inflation.

Moved by Harry Davis, seconded by John Tomlinson. Be it resolved that the Council of this Township write to the Honourable Minister of Health and our local Provincial and Federal Members, emphasizing the councils' concern for the continuity of professional training services in the Township as provided by Browndale, with an expression of deep concern for any

possible loss of employment; a reduction of tax money and increased welfare costs. Carried.

Moved by Jim Harrison, seconded by B.Napier Simpson. Be it resolved that council petition the Ministry of Transportation and Communications for 1975 subsidy on road expenditure during 1975 in accordance with the Public Transportation and Highway Improvement Act. Carried.

Moved by Jim Harrison, seconded by John Tomlinson. Be it resolved the Clerk be directed to compile the necessary information relating to 1976 interim tax billing with the due date as March 31, 1976 for 50% of 1975 Residential taxes to be credited towards 1976 Residential current taxes, this being necessary due to the County Board of Education requiring part of their levy by March 31. Carried.

Moved by B.Napier Simpson, seconded by John Tomlinson. Be it resolved that council receive with gratitude the tentative offer of Mr. W.J. McDonald to present his lands at the Buckslides (comprising the Island and parts of Lot 6, Con. III). The property is to be developed as a passive park, as funds permit, and this council will build a foot bridge over the Boshkung River from the Northwest to the Island, and will develop a car park site off the Boshkung Road, adjacent to the bridge. Carried.

Moved by Jim Harrison, seconded by John Tomlinson. Be it resolved that council authorize payment of the balance of monies owing for property purchased on part lot 15, con. 4, Township

of Stanhope. It is understood this principle is not liable for interest and therefore the condition in the promissory note referring to interest shall become null and void. Carried.

Moved by B. Napier Simpson, seconded by Harry Davis. Be it resolved that council authorize the Reeve, Clerk - Treasurer and Assistant Clerk - Treasurer to make use of the Wallet Depository facilities of Canadian Imperial Bank of Commerce at Minden, Ontario and also to generally transact business in this regard on behalf of the Township. Carried.

Moved by Harry Davis, seconded by John Tomlinson. Be it resolved the Clerk be directed to contact Mr. Harry Johnston requesting his personal opinion on the disposition of property he presently owns within the Township. Carried.

Moved by Jim Harrison, seconded by John Tomlinson. Be it resolved that council hereby requests and authorizes the Municipal Auditor to transfer 1975 surplus monies to appropriate working reserve funds for future use. The amount of these transfers to coincide with the estimated and actual 1975 expenditures. Carried.

Moved by Harry Davis, seconded by John Tomlinson. Be it resolved that council adjourn for lunch and also an on-site inspection of the new library construction. Carried.

Moved by Harry Davis, seconded by John Tomlinson. Be it resolved that council approve interim payment of \$1,000.00 on the legal account with Campbell, Godfrey and Lewtas regarding ownership of property on part lot 16, con. 3 (old council

chamber property). This approval granted conditional upon all possible sources of reimbursement for legal costs being investigated. Carried.

Obituary

John Welch

John Welch of Minden, passed away at the Ross Memorial Hospital, Lindsay, December 30th, 1975 at the age of 87 years. He was the fourth son of John and Elizabeth Welch. He was a Machinist by trade and his work took him from Coast to Coast and as far North on the Alaska Highway as Fort St. John. For a number of years he managed the Stone Crushing Plant at Kirkfield, also at Montreal and Hagersville. Upon his retirement he returned to his home in Minden along with his wife Elizabeth, who predeceased him in December 1968. A Funeral Service was held in St. Paul's Anglican Church, Minden, January 2nd, 1976.

Survivors are Mrs. Mae Macarthur, Mrs. Alice Clark and Mrs. Ethel Leigh.

RENT REVIEW

IMPORTANT DATE CHANGES

Key rent review deadlines for **LANDLORDS** and **TENANTS** have been extended as of January 16, 1976. Here are the new dates:

- For tenancy agreements taking effect on or after July 30, 1975 and up to and including December 31, 1975. **TENANTS** wishing to dispute increases up to eight per cent for that period must make application on the appropriate form by February 29, 1976.
- For tenancy agreements taking effect on or after July 30, 1975 and up to and including December 31, 1975. **LANDLORDS** wishing to charge more than eight per cent over the rent charged during the last full month prior to August 1, 1975, for the above period, must make application on the appropriate form by February 29, 1976.
- If the **LANDLORD** and **TENANT** do not agree on a rent increase above the eight per cent guideline, and do not apply to have the rent for that period reviewed, the **TENANT** is entitled to a rebate of any rent paid in excess of eight per cent by February 29, 1976.
- The maximum rent **LANDLORDS** may charge tenants after January 1, 1976 for all tenancy agreements which became effective on or after July 30, 1975 is eight per cent more than the rent charged during the last full month prior to August 1, 1975. A landlord collecting more than this contravenes the rent review legislation and may, on summary conviction, be fined up to \$2,000.

- In respect to tenancy agreements taking effect on or after July 30, 1975 and up to and including April 30, 1976, **LANDLORDS** wishing to charge more than eight per cent for any period after January 1, 1976 must make application on the appropriate form by February 29, 1976.
- For tenancy agreements taking effect on or after January 1, 1976, **TENANTS** wishing to dispute any increase must make application on the appropriate form by February 29, 1976, or 60 days after receiving a notice of increase, whichever comes last.

RENT REVIEW FORMS

- Until the rent review offices are in operation, **TENANTS** and **LANDLORDS** may obtain forms from offices of the Ministry of Housing, Ministry of Natural Resources (northern affairs branch offices only), Ministry of Revenue assessment offices, Ministry of Consumer and Commercial Relations and Ontario Housing Corporation branch offices in Sudbury, Thunder Bay, Ottawa, Cambridge, Hamilton and London. Check your telephone directory for the local address.
- Mail the **COMPLETED** forms to Rent Review at the postal box designated for the municipality in which your accommodation is located.

"Born again", man's deepest need

Man's Deepest Need

The many personal interviews Jesus had with people of all walks of life is one of the characteristics of the Gospel of John. The social rank of these people ranged from the highly religious to the lowest of characters, John 1:37 - 51; 3:1-21; 4:7-30; 18:33-35; 21:15-19. Possibly the most misunderstood of all those who sought dialogue with the Master Teacher, is the account of the ruler in Israel who came to Him by night to have a private talk.

The conversation between Jesus and Nicodemus is one of the most important records in the whole Bible. Here two great subjects were dealt with, that is, the truth concerning the "new birth" and "salvation by faith" in the only begotten Son of God. The Lord Jesus knew

just what this seeking visitor needed in order to begin to understand his quest about God and eternal verities. We may be somewhat surprised at the abrupt way in which our Lord received this visitor. However, Jesus knew exactly where to begin. He knew the man, though He had never met him before. He also knew his official position in the clergy, his character and his need, John 2:24-25. Nicodemus was a student, a scholar trained in the Jewish Law. He had a keen and open mind and a desire to know the "Truth". The Lord knew that more education would not help the man, so He told Nicodemus that his first great need was to be "born again" before he could begin to understand the "Kingdom of God" or enter therein, John 3:3-5.

And what our Lord told

Nicodemus, is true of all men. There are those who would refute what Jesus said about "except a man" be born again. Some think they were born well enough the first time so therefore have no need of a second. If there were any exceptions to the rule Nicodemus surely would have been such a one. But our Lord told him the Truth and it paid off, as finally Nicodemus saw himself an unfit subject for God's Kingdom, only born of the "flesh" and he became a follower of the Son of God. He had to be taught that "sinful human nature" can produce nothing else but "sinful human nature". Jesus had said unto him "That which is born of the flesh is flesh" or that which comes by the process of human generation, John 3:6. For this processed human nature there is no improvement possible. It stays sinful or corrupt, parents will always be reproducing themselves. This has been so since Adam's day and the first thing Jesus did with Nicodemus was to strip him of every ray of hope in himself, in his goodness and high righteousness, Romans 3:23.

The important truth that no one can be saved who does not own or acknowledge his own sinfulness and his need of grace from a Divine Saviour, is possibly the hardest shell to crack in any good living person. However if man is saved, it is by "grace" alone since self-righteousness and self-goodness shut a man out from salvation. If the Lord Jesus is only needed as a helper for what one already claims to be, then he is no Saviour at all. Jesus alone, is the "Only Saviour" for wayfaring man. That is why Jesus dealt with His night visitor in such a frank manner.

Nicodemus had come to learn from the "Teacher" or Rabbi who he felt had come from God. His colleagues had discussed this worker of miracles and were in a query about it all. Who is this teacher? Nicodemus came to find out! What a surprise it

must have been to him to learn more about himself, before he could understand anything about Jehovah God and His Kingdom. That same essential need is quite evident in our day. Once can wrangle about all the Kingdom philosophy, but apart from being born into the spiritual Kingdom, the end result is to be shut out from God's presence. What a tragedy! Scripture is full of warning and specifically states that the truth of redemption will be denied by many. 2 Timothy 3:1-7; 2 Peter 2:1-2.

The Apostle John deals with the mind of God in setting forth those things which are of utmost importance in the Gospel he wrote. Like Nicodemus, the Son of God or God the Son must be received by faith in His proper perspective. Then and then only will one be able to learn and acknowledge truth in regards to our lost condition as a sinner before God. Then and then only will the truth of a "born again" experience become a reality in any person's life. The faith that saves is based upon a right concept of the Person of Christ.

Jesus was careful to have Nicodemus see and recognize who He was, before He spoke about the "look of faith" in the "Brazen Serpent" experience of Israel. If Christ was not God the Son, then His death cannot save a lost and guilty sinner. The denial of the Deity of Christ is the denial of the value of His death for sinners at Calvary. The value of that death derives its merit from the Person who died there. The rejection of the Son of God is fatal in its consequences. "He that believeth not is condemned, (judged) already, because he hath not believed in the Name of the only begotten Son of God" John 3:18. It is only as "he believes in that "Son" will the condemnation be lifted. That is what it means "to be born again" and apart from a "second spiritual" birth all men are hopelessly and eternally lost, Luke 19:10.

Special Council Meeting
December 17, 1975

A special meeting of Council was held December 17, 1975 to consider the third reading of By-Law 75-27 for the Township of Stanhope, being a by-law to stop up, close and divert part of the Big Hawk Lake Road.

This By-Law received the first and second readings November 12, 1975 and was published in the Minden Progress for four consecutive weeks, namely November 19, 1975; November 26, 1975; December 3, 1975 and December 10, 1975.

No objections were received with regard to this action.

Moved by Jim Harrison, Seconded by Harry Davis - By-Law 75-27 - THIRD READING.

That a by-law to stop up, close and divert part of the Big Hawk Lake Road situated on part lot 17, concession IX and X Township of Stanhope

more particularly described as parts 2 and 3 of Plan 19 R911 by G.P. Stones dated at Orillia November 7, 1975. Upon construction of a road to Municipal standards on Parts 1 and 4 of said plan, council authorizes the exchange of Part 2 for Part 1 of said plan and part 3 for part 4 of same plan which forms part of this by-law. This authorization subject to required approvals, as reported by the committee of the Whole, be read a third time, passed and numbered 75-27 and that the said by-law be signed Reeve and Clerk, sealed with the seal of the Corporation and be engrossed in the By-Law Book. CARRIED.

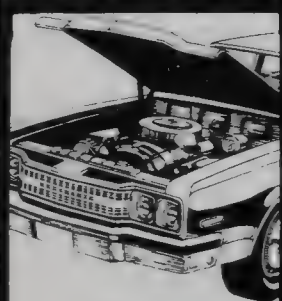

\$1500 in accident

Lindsay OPP reported damage totalled \$1,500 but no one was hurt in a two-car accident Saturday about 9:30 a.m. on Victoria County Road 7 at the junction of County Road 17 (Foxes Corners) four miles east of Lindsay.

Police said a car driven by William Davidson, 49, of RR 2, Haliburton, received \$1,000 damage when it was in collision with a car driven by Lucille Murtha 50, of R.R. 5, Lindsay. The Murtha vehicle received \$500 damage.

Police said the Davidson vehicle was southbound on County Road 7 while the Murtha car was travelling east on County Road 17. Constable Mike Saunders investigated.

Police report

The Minden Detachment of the Ontario Provincial Police report the following activity for the period of January 19 to 25, 1976; the staff investigated 42 general occurrences and eight motor vehicle collisions, two persons charged with Liquor Licence Act offences, one break-in was reported and five persons were charged with snowmobile infractions.

The Ontario Provincial Police wish to remind all snowmobilers that they are not to ride on the serviced roadway of a Provincial Highway.

Last Tuesday, January 20, at 11:50 a.m. on Highway 519 just north of Haliburton 31 year old Donald Waterhouse of R.R.1, Haliburton, was travelling southbound when a station wagon driven by Anthony D. Salvatori, age 32, of Haliburton was leaving a private drive and the two vehicles collided, after Waterhouse had applied his brakes. Damage was estimated at \$600 to the Waterhouse car and \$200 to the Salvatori vehicle. Anthony D. Salvatori has been charged with failing to yield to the right of way by investigating Constable Terry Brown of the Minden Detachment of the Ontario Provincial Police.

Sylvia P. Sisson, age 54, of West Guilford was driving westbound on County Road 6 (Pine Lake) when an automobile driven by 18 year old Ralph J. Hutchinson of Haliburton, travelling southbound on County Road 7, attempted to turn onto County Road 6 and skidded into the Sisson car. Ralph J. Hutchinson has been charged with making an improper turn. Ontario Provincial Police Constable Mike Legge of the Minden Detachment estimated damage at \$250 to the Sisson car and \$50 damage to the Hutchinson car in the mishap which occurred at 1:06 p.m. on Saturday, January 24, 1976.

A charge of failing to report a collision has been laid against Wayne Bransfield, age 34, of R.R. 1, Millgrove, after his northbound vehicle went into the west ditch on Burkes Road southeast of Haliburton and struck a tree stump on Sunday, January 25, at 4:30 a.m. Damage amounted to an estimated \$400 to the van driven by Bransfield. Ontario Provincial Police Constable Al Bibby of the Minden Detachment was the investigating officer.

TOW TRUCK DAMAGED
As a result of a call from Mr. Lloyd Swinson, tow truck operator and mechanic for Curry Motors Limited in Haliburton, 17 year old Gregory Ernest Lackey of Grafton has been charged with wilful damage. The tow truck had apparently been in the Fort Irwin area of the Haliburton Highlands to tow a vehicle from a ditch. The vehicle's owner had paid the towing bill when Lackey, a passenger, became upset and caused damage to the tow truck. Constable Roy Telford of the Minden O.P.P. Detachment investigated this occurrence.

WEDDING ANNIVERSARY

Walter and Mavis Noice request the pleasure of the company of their friends and relatives at the celebration of the 60th Anniversary of their marriage on Sunday the 1st of February following the 11:00 a.m. Church Service in St. Paul's Anglican Church, Minden. Reception in the Parish Hall from 12:30 to 2:30 p.m. Best Wishes only.

Thank-You

I would like to say thank you to my family and friends for the many lovely favors received. The visits, flowers, plants, cheery cards and letters certainly helped brighten my days, during my stay in the Ross Memorial Hospital.

God Bless you all
Betty Exon

The family of the late Larry Reynolds wish to express their sincere thanks to all their relatives, friends and neighbours for their kindness, expressions of sympathy and floral tributes. Special thanks to Rev. Bushel and John Welch and Son Ltd. Funeral Home.

In Memoriam

McCrea - In loving memory of a beloved husband and father, James R. McCrea, who passed to eternal life, January 30th, 1974.

God saw you were getting tired,
When a cure was not to be
So He closed His arms around you
And whispered "come to me"
You did not deserve what you went through
And so He gave you rest
God's garden must be beautiful
He only takes the best.

Sadly missed and always remembered by wife Mary, son Vernon, daughters Marilyn and Beth and their families.

McKelvey, Wallace - In loving memory of a dear Dad and grandfather, who passed away February 1st, 1975.

A million times I've needed you
A million times I've cried
If love could have saved you Dad
You never would have died.
Things we feel most deeply
Are the hardest things to say
My dearest Dad, I loved you
In a very special way.
If I could have one lifetime wish
One dream that could come true
I'd pray to God with all my heart
For yesterday and you.

Sadly missed by Isabell, Everett and grandchildren.

IN MEMORIAM

Wruth, James - In loving memory of Dad and Grampa who passed away January 31, 1974.

Within our store of memories He holds a place apart
For no one else could ever be
More cherished in our hearts

Ever remembered Murray, Ruth, Dwain, Arlene and Jim.

FINAL NOTICE

Week-end snow plowing services in the Kennisis Lake area will be discontinued immediately beyond the Shopping Centre.

This action has been brought about by the complete disregard by car owner-drivers and snowmobilers to our repeated requests re Parking on Snow Routes.

Plowing will continue on week days with offenders vehicles moved at the owners expense.
